<https://purchasing.houstontx.gov>

August 12, 2011

**SUBJECT:** Letter of Clarification No. 2  
Non-Hazardous Waste Collection, Transportation & Disposal Services  
for Various Departments

**REFERENCE:** ITB No.: S23-L23869

**TO:** All Prospective Respondents

This Letter of Clarification is issued for the following reasons:

- To revise the above referenced solicitation as follows:

**In Section "A" :**

- The formal bid opening date for the subject Solicitation has been extended from **Thursday, August 18, 2011 at 10:30 a.m. to Thursday, August 25, 2011 at 10:30 a.m.**
- **Delete all references to Houston First Corporation (or its successor) formerly known as Convention & Entertainment Facilities Department (or its successor).**

**In Section "B" Scope of Work Specifications:**

- **Delete all references to Houston First Corporation (or its successor) formerly known as Convention & Entertainment Facilities Department (or its successor).**
- **Remove** page 6 of 62 and **Replace** with the attached page 6 of 62 marked revised 8/12/2011
- **Remove** page 13 of 62 and **Replace** with the attached page 13 of 62 marked revised 8/12/2011

**In Section "BB" Collection Sites:**

- **Delete Houston First Corporation (or its successor) formerly known as Convention & Entertainment Facilities Department (or its successor) collection sites page 14 of 62.**
- **Add** attached pages 37A and 37B of 62.

**Electronic Bid Form:**

**The Electronic Bid Form has been changed; therefore, Bids entered prior to Friday August 12, 2011 will need to be re-entered.**

**L23869 Clarification (continued):**

When issued, Letter(s) of Clarification shall automatically become a part of the bid documents and shall supersede any previous specification(s) and/or provision(s) in conflict with the Letter(s) of Clarification. It is the responsibility of the bidders to ensure that they have obtained any such previous Letter(s) associated with this solicitation. By submitting a bid on this project, bidders shall be deemed to have received all Letter(s) of Clarification and to have incorporated them into this Bid.

If you have any questions or if further clarification is needed regarding this Bid, please contact me at roy.breaux@houstontx.gov, or 832-393-8728.

Sincerely,

A handwritten signature in cursive script that reads "Roy Breaux".

cc. Steve Girardi, GSD; David Guernsey, PWE; Lisa Kingsbury, CEF; Maria Padilla, PR;

**The following questions and City of Houston responses are hereby incorporated and made a part of the ITB:**

1. **Question:** Does the City of Houston have a current agreed upon disposal rate agreement? If so, will that agreement continue to be in place with the new contract?

**Answer:** **No, prospective contractors must set up their own disposal agreements.**

2. **Question:** For the cities stationary compactors. Does the city own the compactors or will be winner of the bid have to supply them? We understand we supply the receiver boxes we just wanted to verify that the city owns the compaction units.

**Answer:** ***The successful contractor shall be required to supply the compactors and the receiver boxes.***

3. **Question:** Is the price we are submitting going to be by service or by the yard?

**Answer:** ***Service... On the e-bid document some items request quote per pickup, quote per haul, quote rental per month per container, quote rental per month per compactor.***

4. **Question:** On page 36 there are two 20yd Roll Off containers for the 69<sup>th</sup> St WW Plant, Scum. It is requesting the 20yd Roll Off containers to have casters. Is this correct?

**Answer:** ***It would be more correct to use the term "roller" instead of "caster." Waste Water has two 20 cu yd roll-off containers that have rollers on all four corners. With the four rollers they are able to push full containers out of the way and push empty containers into position.***

5. **Question:** Is the bid due date still August 4<sup>th</sup> or has that date been extended?

**Answer:** ***No, the bid due date has been extended to August 25, 2011.***

6. **Question:** How does the current vendor show proof of Front End Load (FEL) service for each pickup?

**Answer:** ***Contractor forwards a monthly report showing the dates pickups were made.***

7. **Question:** Can we substitute 8yd containers for 10yd containers for safety reason?

**Answer:** ***No.***

8. **Question:** Please provide the current rate sheets.

**Answer:** ***See revised contract prices effective 11/1/2009 thru 12/31/2011 attached***

9. **Question:** Can only Minority/Women Business Enterprise be used to subcontract with or is any small business permissible?

**Answer:** *The successful contractor may subcontract to any small business. Subcontracting with small businesses does not negate the requirement, that successful contractor must make good faith effort to award subcontracts or supply agreements in at least 11% of the contract award amount to City of Houston certified M/WBE companies/firms.*

10. **Question:** Will you consider alternate language or room for negotiation with your Release and Indemnification sections on page 42?

**Answer:** *No.*

11. **Question:** Exhibit F requires that we certify that there are no "safety impact positions" involved in performing this Contract. Do you interpret your definition of safety impact position as excluding the truck drivers that would be servicing this contract?

**Answer:** *The City does not designate safety impact positions on contracts. It is the contractor's responsibility to designate which position(s), employment position, on the contract is/are considered safety impact position(s). See Executive Order 1-31 entitled Mayor's Drug Detection and Deterrence Procedures for Contractors, paragraphs 5.18 and 6.0 at website link: <http://www.houstontx.gov/execorders/1-31.pdf>*

12. **Question:** Section 2.0 on page 6 requires the Contractor to provide receipts at the time of service as proof of service. Will these receipts be required for containers other than roll-off or compactors?

**Answer:** *Section 2.0 page 6 General; Item No. 2.2, last sentence has been changed to read as: The Contractor shall be required to provide to the respective user department proof of pickup/service. Proof of pickup/service may be made by:*

- Sending an E-mail to the user department listing the locations serviced on a daily or weekly basis*
- Pick-up receipt listing the locations serviced and faxing the receipt to the user department on a daily or weekly basis.*

13. **Question:** Will the City start the 2-week clean-up time frame for spills or damage after giving the contractor written notice? Also, will the City affirm that its streets are adequate to support the weight of the contractor's trucks? See Section 4.8 on page 9.

**Answer:** *A 2-week period starting with an email or written notification of contractor. Contractor is responsible for damage to City of Houston property as noted in Section 4.8 on page 9. However, should the contractor have any concerns about any City street the contractor shall advise the department Director or designee and request a written review.*

14. **Question:** What does the City anticipate requiring the Contractor to do in terms of monitoring hazardous waste at disposal sites? See Section 4.9.

**Answer:** *The Contractor shall be required to make visual inspections at dumpsites and advise City supervisors as to hazardous waste co-mingled with non-hazardous waste so that the City may correct the situation.*

**L23869 Clarification (continued):**

**15. Question:** The warranty language in Section 11.0 on page 11 is broader than that contained in the actual contract in Section 6.0 (in particular, the Section 11.0 language is quite broad and requires a one-year warranty period which is difficult, if not impossible, for waste hauling and disposal services). Which one prevails?

**Answer:** *Provision 6.0 entitled "Warranties" in section "C" entitled "General Terms & Conditions" prevails.*

**16. Question:** Does the City expect to review the contractor's actual criminal background checks on its employees or will a certification that they have been completed suffice? See Section 12.1 on page 12.

**Answer:** *The City does their own background check before issuing a photo ID badge for Contractors entering various plants. Photos are taken at 611 Walker. However the contractor is required to do background checks on all its employees coming on City premises and have these available at the request of the participating department directors or their representative.*

**17. Question:** Is the City willing to negotiate the indemnification language in Section 3.1.2 to delete the Contractor's requirement to indemnify the City for its own negligence?

**Answer:** *No*

**18. Question:** Will the City accept a contractor that is a non-subscriber to workers' compensation?

**Answer:** *No*

**19. Question:** How are increases to services, etc. impacted by the allocation? Can contractor refuse to perform additional services if funds are not allocated? See Sections 5 and 6 of contract.

**Answer:** *Each using department will monitor its usage and within established City policy will increase their allocation as necessary to meet their needs.*

**20. Question:** Can we pick up cans before 8:00 a.m.?

**Answer:** *At 69<sup>TH</sup> Street 6 am to 6 pm  
At Alameda Sims ditto  
At Sims North 8 am to 6 pm  
At plants that have a swipe card  
access(so we know who came into the plant) 6 am to 4 pm  
At all other plants 8 am to 3 pm (All are Wastewater Locations)  
Some Parks facilities will allow pickup before 8:00 a.m.  
Potential bidders are referred to Section B, SCOPE OF WORK/SPECIFICATIONS,  
Section 4.4, page 8 of 62 for additional information regarding pick-up times.*

**21. Question:** Do we have to have signed delivery tickets for all commercial 2, 4, 6 and 8 yard cans and referred 2.2?

**Answer:** *See the above answer for Item No. 12, which will apply to this question also.*

**22. Question:** Please define volume as addressed Section 5.1.1. Waste Stream Management. Is this referring to tons or cubic yards?

**Answer:** *cubic yards*

**23. Question:** Can you elaborate on how you need contractor to monitor the waste containers to prevent hazardous waste? Is the City stating that contractor is taking the Title to Waste stream at the time of pick up?

**Answer:** *The Contractor shall have a policy in place to prevent hazardous waste pick-up. If hazardous waste is discovered at time of pick-up, contractor shall notify the City of Houston's user Department Representative (UDR). Contractor takes title to the waste stream at the time of pick-up.*

**24. Question:** Can the City clarify Section 4.5? What will be the acceptable time window for all scheduled pickups?

**Answer:** *Contractor will be notified by Phone call or by email that there was a missed pickup: contractor to make a pick-up the following day if service is once a week.*

**25. Question:** Please clarify section 14.1 – Fuel Adjustments. Is there an adjustment when diesel is between the price of \$3.50 and \$3.90 per gallon?

**Answer:** *No.*

**26. Question:** Can the City verify if this contract is or is not an exclusive contract for commercial waste? Can the City use other contractor for commercial waste?

**Answer:** *No, this is not an exclusive contract for commercial waste. Yes, the City can use other contractors for commercial waste.*

**SECTION B**  
**SCOPE OF WORK/SPECIFICATIONS**

**1.0 SCOPE OF SERVICES**

- 1.1 The Contractor shall supply all supervision, labor, tools, materials, supplies, vehicles and equipment necessary to perform the work described herein, in accordance with the scope of work/specifications and terms and conditions specified herein.

**2.0 GENERAL**

- 2.1 The following City departments ("Departments") will be initially part of this contract:

- 2.1.1 General Services Department
- 2.1.2 Parks & Recreation Department
- 2.1.3 Public Works & Engineering Department

- 2.2 The Contractor shall provide solid waste containers for the collection, transportation, and disposal of solid waste at those collection sites designated and at the frequencies specified in Exhibit "BB" or as otherwise requested by the Directors and/or designee of the participating Departments.

**The Contractor shall be required to provide to the respective user department proof of pickup/service. Proof of pickup/service may be made by:**

- **Sending an E-mail to the user department listing the locations serviced on a daily or weekly basis**
- **Pick-up receipt listing the locations serviced and faxing the receipt to the user department on a daily or weekly basis.**

- 2.3 The Contractor shall provide compactor units at the collection sites designated and at the designated frequencies specified in Exhibit "BB" or as otherwise requested by the Directors and/or designee of the participating Departments. Pick-up receipts shall be provided as proof of services rendered at each site serviced with compactor, roll off, and open top containers.

- 2.4 Contractor shall develop and maintain a waste stream management system, and shall prepare a written waste management audit report, by collection site. The initial report is due within ninety (90) calendar days after receipt of the Notice to Proceed. Future audits will be on an "as requested" basis but will not be requested more often than once a year.

**2 EQUIPMENT AND SUPPLIES**

- 3.1 The Contractor shall:

- 2.4.1 Provide solid waste containers of the highest quality materials and workmanship available in the commercial industry and shall maintain these containers in good working order at all times. The containers shall be constructed and maintained to prevent rain from entering into the container and the loss of liquids and solid waste. To prevent storm water pollution violations, liquids shall not leak from containers. Contractor shall pay the City any costs associated with storm water pollution violations that result from leaky containers.

12.2.9 Not have been discharged from the armed services of the United States under other than honorable conditions;

12.2.10 Be skilled in effectively and tactfully communicating with a wide variety of people in sensitive situations. All personnel must be skilled in establishing and maintaining effective working relationships with City employees and the general public.

12.2.11 The City reserves the right to conduct additional background checks as deemed advisable.

### **13.0 CONTRACT COMPLIANCE**

13.1 The City reserves the right to monitor this contract for compliance to ensure legal obligations are fulfilled and that acceptable levels of service are provided.

13.2 Monitoring may take the form of, but not limited to:

13.2.1 Site visits

13.2.2 Review of deliveries received and pickup of containers for accuracy and timeliness

13.2.3 Review of certifications and/or licenses

13.2.4 Review of contractor's invoices for accuracy

13.3 The responsibility for monitoring rests with the Contract Compliance Section of participating departments of the Office of the various Directors and/or designee.

### **14.0 MODIFICATION TO RATES**

14.1 Fuel Adjustments: Every calendar quarter, the Base Rates shall be subject to a fuel surcharge as follows: an additional one percent (1%) for every twenty-five cent (\$0.25) increase in the price of diesel fuel above and including \$3.90 per gallon (with a 1% surcharge beginning at \$3.90 per gallon and a 2% surcharge at \$4.15 per gallon, etc.). In no event shall there be any fuel adjustment for any decrease in the price of diesel fuel below \$3.50 per gallon. The diesel fuel price shall be determined by reference to the Energy Information Administration of the US Department of Energy ("EIA/DOE")'s Weekly Retail On Highway Diesel Prices for the Gulf Coast. The EIA/DOE currently publishes these prices on their website at the following location: <http://tonto.eia.doe.gov/oog/info/wohdp/diesel.asp>.

The determination of the average price of diesel fuel from the aforesaid website shall be made on the first Monday prior to the end of the quarter (or the first business day thereafter, if such a Monday is a Federal Holiday).

### **15.0 POST AWARD MEETING:**

15.1 Once the contract has been approved by City Council, the City reserves the right to schedule a Post-Award meeting with the successful vendor and the various End Users. This meeting will include Procurement, Contract Management of the various Departments, Accounts Payable, and all other matters related to contract administration.

### **16.0 INTERLOCAL AGREEMENTS:**

16.1 Under the same terms and conditions hereunder, the Contract may be expanded to other government entities through inter-local agreements between the City of Houston and the respective government entity that encompass all or part of the products provided under this contract. Separate contracts will be drawn to reflect the needs of each participating entity.
